RAKESH SINGH SAUD

B.Sc. CSIT 8th Semester Student | Aspiring Data Analyst

Nepal | [Your Phone Number] | [Your Email Address] | [GitHub] | [LinkedIn]

CAREER OBJECTIVE

B.Sc. CSIT 8th-semester student seeking a **Data Analyst Internship** to apply practical skills in Python, NumPy, Pandas, data visualization, and exploratory data analysis. Interested in working with real-world datasets, strengthening analytical skills, and learning from industry professionals.

EDUCATION

Bachelor of Science in Computer Science and Information Technology (B.Sc. CSIT)
Siddhanath Science Campus, Mahendranagar, Nepal
8th Semester | 2026

TECHNICAL SKILLS

Programming:	Python
Data Analysis:	NumPy, Pandas, Data Cleaning, Data Preprocessing, Exploratory Data Analysis (EDA)
Visualization:	Matplotlib, Seaborn
Tools:	Jupyter Notebook, VS Code
Currently Learning:	SQL, Machine Learning

PROJECT

Student Habits and Academic Performance Evaluation — Data Analytics Capstone Project
Python, NumPy, Pandas, Matplotlib, Seaborn, Jupyter Notebook

- Analyzed **80,000 student records with 31 variables** to study relationships between student habits, academic factors, lifestyle factors, and exam performance.
- Performed **data cleaning, preprocessing, exploratory data analysis, visualization, group analysis, and correlation analysis**.
- Analyzed previous GPA, study hours, motivation, sleep, attendance, stress, exam anxiety, tutoring, and dropout risk.
- Found a strong positive association between **previous GPA and exam score (r ≈ 0.93)**; study hours and motivation showed weaker positive relationships.
- Created histograms, scatter plots, bar charts, and correlation visualizations to communicate findings.
- Developed an exploratory student risk profile using dropout risk, stress, exam anxiety, and motivation.
- Presented data-driven findings while distinguishing **association from causation**.

RELEVANT LEARNING

Python Programming • NumPy • Pandas • Exploratory Data Analysis • Data Cleaning • Data Visualization • Correlation Analysis • Statistical Analysis

STRENGTHS

Analytical thinking • Problem solving • Willingness to learn • Interest in data-driven decision making • Ability to work with structured datasets

CAREER INTEREST

Data Analyst Intern • Junior Data Analyst • Data Analytics Intern
